

NHS Lothian COVID-19 PREP 'LESSONS LEARNED' SUMMARY

Site/Department/Specialty	WGH Main Theatres
Date & Time of Training	17/3/20
Trainer Contact	Debbie Morley

Training Delivered (what we did)
Walk through pathway of presumed or confirmed COVID-19 patient requiring unrelated surgery.

Results & Reflections (what we found)
<p>Keep doors closed in approach corridor.</p> <p>Collecting team take hand gel and face mask for patient.</p> <p>Very detailed brief including how staff will have breaks before going for patient. Use whiteboard by telephone.</p> <p>Anaesthetic team take extra gown and gloves into theatre with them.</p> <p>Take photo of anaesthetic chart through window.</p> <p>Need: cleanable stools, stock of cleanable clogs, pens, suction catheters with no hole in.</p> <p>Hand gel on back corridor to theatres.</p>

Take Home Messages (Lessons learned for educators as well as learners)
Worth further run through.

Suggested Session Plan (a cheat sheet to use or amend)
Will run again in "chunks" as will be a long scenario.
